5) Browse for PrismPay and click plus(+) button to install it.

The screenshot shows the OpenCart administrator interface. The left sidebar contains a menu with 'Payments' selected. The main content area displays a 'Payment List' table. A green success message at the top reads 'Success: You have modified payments!'. The table lists several payment methods, with 'PrismPay' highlighted by a red rectangular box. The 'PrismPay' row shows the extension name, its logo, a status of 'Disabled', and action buttons (a green plus sign and a blue pencil icon).

Payment Method		Status	Sort Order	Action
PayPal Pro		Disabled		
PayPal Pro iFrame		Disabled		
PayPal Payments Standard		Disabled		
PrismPay		Disabled		
Realex Redirect		Disabled		
Realex Remote		Disabled		
SagePay Direct		Disabled		

6) Click on the "Edit Button" to configure it.

This screenshot is identical to the previous one, but with an additional red box highlighting the blue pencil 'Edit' button in the 'PrismPay' row's 'Action' column.

Payment Method		Status	Sort Order	Action
PayPal Pro		Disabled		
PayPal Pro iFrame		Disabled		
PayPal Payments Standard		Disabled		
PrismPay		Disabled		
Realex Redirect		Disabled		
Realex Remote		Disabled		
SagePay Direct		Disabled		

7) Fill out the configuration form and click "Save Button".

The screenshot shows the OpenCart administrator interface. The top navigation bar includes the OpenCart logo, the user name 'John Doe Administrator', and a 'Logout' button. The left sidebar contains a menu with options like Dashboard, Catalog, Extensions, Payments, Order Totals, Feeds, Sales, Marketing, and System. The main content area displays the 'PrismPay' configuration page, titled 'Edit PrismPay Settings'. The form includes the following fields:

- \* Account ID:** Text input field with placeholder 'Account ID:'
- \* Sub ID:** Text input field with placeholder 'Sub ID:'
- \* Merchant PIN:** Text input field with placeholder 'Merchant PIN:'
- Transaction Server:** Dropdown menu with 'Live' selected
- Total:** Radio button selected next to 'Total:'
- Order Status:** Dropdown menu with 'Canceled' selected
- Geo Zone:** Dropdown menu with 'All Zones' selected
- Status:** Dropdown menu with 'Disabled' selected
- Sort Order:** Text input field with placeholder 'Sort Order:'

A red box highlights the 'Save' button in the top right corner of the form area.

8) Configuration Form requires your PrismPay Account Id, Sub Account Id (If available) and Merchant Pin (If available).

9) Set "Transaction Server" to "Live" and get paid by your customers.

## Release Notes:

### Current Version: 1.0.1

- When you install this plugin it enables Credit Card Processing in your Open-Cart online store.
- This version supports Credit / Debit Card Processing and E-check processing.
- This version also supports the Save Card Profile feature. Users can save their profiles at the gateway and next time at check out, they can use that profile to make payments.
